RUSSIAN PROVISIONAL GOVERNMENT VICTOR

Parliament Withdraws All Demands.

That Government be Responsible to It.

Kerensky Notifies, Officially, Recent Appointees.

(By Associated Press Cable)

Petrograd, October 9.—The provisional government apparently has won a victory over the temporary parliament, an outgrowth of the Democratic Congress.

M. Tseretelli, one of the leaders of the parliament today informed Kerensky that the parliament had withdrawn all its demands that the government be responsible to it, and had acceded to the government's plan that the parliament act merely in an advisory legislative capacity.

The government will work out the whole program for the parliament at the first sitting at which Premier Kerensky probably will personally lay before it the new government's program. At the suggestion of the government 120 members of the Bourgeoisie will sit in the parliament.

Premier Kerensky today officially informed all those selected last Thursday of their appointment in the new coalition cabinet.

HEAVY RAIN AT NEW YORK "NO GAME"

Third Game of Series Tomorrow at Polo Grounds.

(By Associated Press Dispatch)

Polo Grounds, New York, October 9.—Rain—a heavy downpour that came out of the northwest with no promise of cessation—caused a postponement of the third act of the world series drama between the New York Giants and Chicago White Sox today.

Fifteen thousand spectators whose courage had not diminished by the two defeats of the Giants, braved the stormy day and were a disappointed lot when announcement was made that the contest had been postponed until Wednesday.

The day's delay will give the White Sox's star pitcher, Cicotte, an additional day of rest, but this will be an advantage to the New York Giants who are anxious to have Sallee start the third game against the Chicago invaders.

Sallee needs a three days' rest to show to best advantage and today's postponement gives him the needed time to get into condition.

PEACE OFFER COMING SOON SAYS REPORT

New Offer Will be Great Modification of Former Offers.

(Associated Press Dispatch)

Amsterdam, October 9.—Germany and Austria Hungary have agreed to make another peace offer to the allies, the Deutsche-Tages Zeitung of Berlin says it learns on good authority.

The offer will have as its basis no territorial aggrandisement, the surrender of Belgium and French territory; the renunciation of positive territorial acquisitions for payment of money and no indemnities on either side.

The day's delay will give the White Sox's star pitcher, Cicotte, an additional day of rest, but this will be an advantage to the New York Giants who are anxious to have Sallee start the third game against the Chicago invaders.

London, October 9.—The British attacked on a wide front northeast and east of Ypres this morning, the war office announces.

FRENCH ATTACK ALSO

(By Associated Press Dispatch)

Paris, October 9.—French troops on the Belgian front at 5:30 this morning attacked in conjunction with the British army, the German positions south of the forest of Houthulst. The French official statement this afternoon says the struggle is continuing and developing favorably for the French arms.

morning's attack was about 5 1/2 miles distant from the point of the British wedge at Broodseinde.

Numerous indications have been found according to reports from the French front that the German morale in this sector had notably deteriorated under the crushing blows of the British and their overwhelming artillery superiority.

Lack of the former vigor and few counter attacks are cited as corroborative of this.

The theory is advanced that despite the unfavorable weather conditions, Field Marshal Haig decided to hit another hard blow while the Germans were still staggering, and thus shake still farther their already precarious hold on western Belgium, possibly to the point where they would be compelled to let go.

At many places the French and British have advanced to a depth of 1,200 yards or more.

The British troops on Gravenstafel Ridge advanced on to Passchendaele Ridge and rested 1,000 yards south of the town of the same name.

The French crossed the Jansbeek and Brownbeek rivers.

At 8:30 o'clock the British had taken several hundred prisoners.

The British met with strong resistance at Polderhoek Chateau, which they reached early in the advance. They were forced back by heavy machine gun fire. At the time of the latest report they were pushing forward.

The latest reports said the Germans are counter attacking heavily near the Roulers-Ypres railway.

The British were sending back large numbers of prisoners at an early hour.

The combined attack of the French and British met with great success in the first few hours of fighting.

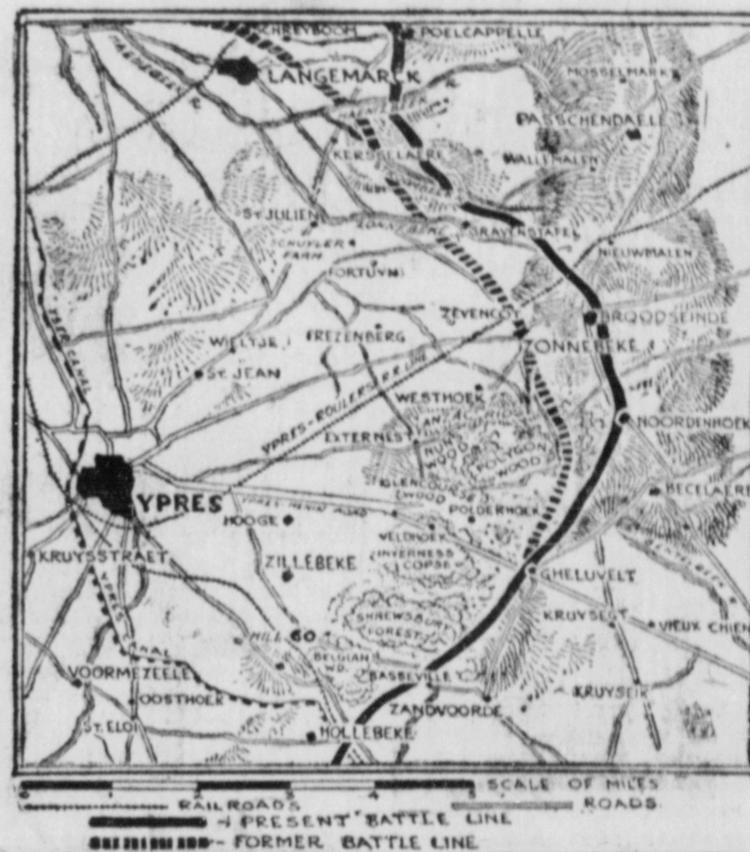

The British attack began early today in the region east and northeast of Ypres where Crown Prince Rupprecht's lines had already been dangerously bent back by the previous British attacks.

The British commander early reported satisfactory progress on all parts of the front of attack, which he announced was made in conjunction with "our allies on our left."

Shortly afterward the Paris official statement indicated that the French forces were allied to by the British commander.

The renewed push is in the direction of the line which before this

NEW BATTLE LINE IN FLANDERS

By the victorious drive of the British east of Ypres, practically all of the Passchendaele-Gheluvelt ridge, with many villages, is in their hands. NEW PLAN CREATING FIVE MORE DIVISIONS

Change Made to Fill Up Three National Guard Divisions.

And for an Additional Division of Negro Troops.

(By Associated Press Dispatch)

Washington, October 9.—Redistribution of the forces in the National Army cantonments in the south, middle west and east was ordered today by the War Department, in order to fill up three national guard divisions in southern states and provide for the organization of an additional National Army division composed of Negro troops.

At Camp Pike, after the consolidation of the southern drafted men surplus plus white men from Camp Sherman, Ohio; Camp Custer, Battle Creek, Mich.; Camp Grant, Rockford, Ill.; Camp Taylor, Louisville, Ky.; Camp Dodge, Des Moines, Iowa; Camp Funston, Ft. Riley, Kans.; Camp Travis, San Antonio, Texas, will be mobilized to form a new middle western division of the national army.

The rearrangement creates in effect five so-called "Rainbow" divisions of the National Army to correspond with the single "Rainbow" division of the National Guard troops. Four white divisions will represent the South, East, Middle West and far west, while the fifth, the negro division is intended to represent the negro population of the United States as a whole.

Details of the arrangements provide that all negroes mobilized in Southern states shall be trained in states from which they come and that at all times there will be a heavy preponderance of white troops in all states.

Camp Lewis, at American Lake, Washington, is the only one of the sixteen National Army cantonments not affected by the order.

BLISS AND PERSHING GIVEN GENERAL TITLE

(By American Press)

Washington, Oct. 9.—President Wilson signed commissions as generals for Major General Tasker H. Bliss, army chief of staff, and Major General John J. Pershing, commanding the American forces in France. Though both officers have equal rank, General Bliss takes precedence by virtue of his position as the directing head of the entire army organization. Congress revived the rank of general for the period of the war largely in order to avoid embarrassment to General Pershing in dealing with officers of higher rank commanding the allied armies on the western front. The new grade carries a salary of \$10,000 a year, an increase of \$2,000 over the pay of major general.

PLAYS WITH MATCH, BURNS PROVE FATAL

Genevieve, Five-year-old Daughter of Mr. and Mrs. Mat McDonald Dies in Hospital After Shocking Burns Sustained Monday Afternoon.

With her little body from the chest down roasted until the skin fell off, little five year old Genevieve McDonald the daughter of Mr. and Mrs. Mat McDonald, of near Millidgeville, was brought to the Fayette Hospital, Monday evening, and there passed away between one and two o'clock Tuesday morning.

The little girl sustained the fatal burns Monday afternoon while out in the yard at her home, and presumably while she was playing with matches.

WILL "GO OVER THE TOP" EARLY WEDNESDAY MORNING

Scores of Patriotic Liberty Loan Soldiers in Fayette Start Drive in Real Earnest Wednesday. Hon. Frank C. Parrett to Preside at Banquet This Evening.

Early Wednesday morning the several score "Liberty Loan Soldiers" in Fayette county will "go over the top" in the real drive for the sale of Liberty Loan bonds to individuals in all walks of life throughout the city and county.

For a week or ten days the "big guns" have been preparing the way for the offensive, and the "barrage" will be laid down tonight at the banquet in honor of General E. F. Glenn, commandant of Camp Sherman, to be held at the Y. M. C. A. at six o'clock and attended by 100 patriotic workers from all over the county and all wards of the city.

It is expected that the "drum fire" tonight will do much to inspire the men who will go over the top Wednesday morning and will blaze the way so that their work will be short and sharp, and the victory will be won by attaining the sale of the complete allotment in record breaking time.

So far no actual solicitation has been under way, but the preparations for this have been, and an organization perfected. Patriotic men have agreed to devote their time to the work as one way of doing their bit for their country. Others, who are not workers, can do their bit by buying Liberty Loan Bonds; by loaning their money to their government at a time when the government needs it, and at a good rate of interest.

The banquet tonight will be presided over by Hon. Frank C. Parrett. It is expected that a number of officers will accompany General Glenn, and one or two men of state wide reputation also may be here with the General.

BANNER LIBERTY LOAN COUNTY

A number of local citizens have been receiving mail with the following notation upon the envelope: "Banner Liberty Loan County."

This indicates the widespread publicity given to the feat here where the Fayette county bankers unhesitatingly subscribed for the county's full allotment of bonds, knowing that Fayette's loyal citizens would do their part as individuals in taking the allotment.

The feat is one which will not soon be forgotten and which places Fayette solidly on the map in "doing her bit."

MEMOIR—COCHRAN

William M. Cochran was a son of Samuel and Malinda Cochran. He was born January the 28th, 1866 and departed this world September, 25th, 1917, aged 51 year, 7 months and 25 days.

In 1888 he was united in marriage to Miss Alfie Jane Bennett. To this union was born three children, Howard, Rachel and Gertrude the latter having preceeded him to the great beyond.

He leaves a mother, brother and one son and daughter and a host of friends to mourn his loss.

He was a patient sufferer of that dreadful disease and was waiting the approaching hour which cometh when ye know not.

He united with the M. P. Church at White Oak under the pastorate of the Rev. Samuel Allen and lived a consistent Christian life for years but being compelled to move from that neighborhood and the church of his choice, he was deprived of the privileges of attending church as he desired. His faith in his Master grew brighter as he neared the end of his earthly pilgrimage.

He bore in humble submission to the will of the Heavenly Father. Who doeth all things well whose mercy is from everlasting to everlasting and

who delighteth not in the death of any but that all may come to Him and live.

COURT HANDS OUT \$100 AND 30 DAYS FOR COAL THIEVES

Coal thieves will find the work in this city mighty unpopular and a losing game if they all draw what three such thieves did before Judge Frank M. Allen, in Probate Court, Monday evening, when \$100 and the costs and 30 days was handed out to the three who face His Honor and either entered pleas of guilty or stood trial and found guilty.

Alice Sword, the only woman thief among the lot, admitted her guilt and drew the \$100 and costs and 30 days. Because of her large family of children Judge Allen suspended the sentence on good behavior, and she will be kept under surveillance.

William Russel at first decided he was innocent, but when assured that the "goods were on him," he entered a plea of guilty. The fine and sentence will be enforced.

Robert Huse, who was tried before a jury, was given a similar sentence after motion for a new trial was overruled.

A Distinguished Guest

General Glenn Commandant of the Chillicothe cantonment camp comes to Washington, Tuesday evening to address the active workers in the second liberty loan campaign now, so far as Fayette county is concerned, in its initial stage.

Several score of our prominent business men and farmers have undertaken, of course with out any hope of reward of any kind, save the satisfaction which is certain to come from a sincere endeavor to help the nation, to assist in bringing to the investors of the county the opportunity to buy a liberty bond.

With Fayette County—enjoying the tremendous prosperity which this year has brought there will be no doubt about the result of the campaign.

General Glenn is in touch with the active work of war—he is one of the men in the field, one of the men who is charged by the government with great responsibilities. It is an honor to have the distinguished commandant visit us and greet us. It puts us—way off here in the quiet of a great agricultural region—more intimately in touch, so to speak, with the tremendous activities of the time.

General Glenn is a soldier—he can tell us a great deal that we have not known, he can make plain the things about which we are in doubt. He can give us, and, doubtless, will give us, the viewpoint of the soldier.

He can arouse the patriotism by the soldier's narration of facts.

This city and this county welcomes General Glenn. His coming at this time is particularly opportune.

The Birds

In a few days now the birds will be leaving to spend the winter months in the south—in fact some of our little feathered friends who have been our pleasant companions all during the summer have already left.

We should all give the birds a good send off—if we can, make them remember our places as summer resorts with pleasure and anxious to come back again.

We need them here regularly every summer. They are not only a pleasure with their songs and their courting and home building, the interesting families they raise but they are a big help in the raising of crops and fruits.

If there was any way of compiling the correct figures we believe that much of the damage caused by insects to the fruit trees and crops during the past decade could be directly attributed to the absence of the birds—murdered or scared away by the evil minded men and boys.

Since the legislature has enacted its laws protecting birds there has been a big increase in the number of birds and a decrease in the insects.

If we only let them, the birds will help us win the war—they'll keep our enemies out of the crops.

We should remember too that some of our birds are going to stay with us all winter. We should get better acquainted with them—let the children provide homes and food for them. The children will take an interest in the birds and the birds will get closer to us.

That's not all sentiment or kindness—it's a business proposition.

The World Series

In the world series base ball games—those blue ribbon events of the early fall, among the outdoor sports—victory seems to be inclined—very much inclined—to alight on the standards of the White Sox team, carrying the dreams of the "old Roman" of baseball, Chas. A. Comiskey, the younger base ball organization and the great western country, into realization.

The rougher style of play favored by the New York team—the old style hit 'em out, and the hit and run play—has failed signally, thus far to break down the superb defense of Comiskey's diamond stars who are the champions of the higher class, cleaner game.

Of course the series is not yet concluded and the finer working organization may yet crack and go to pieces under the fierce onslaughts of McGraw's warriors.

Although able to crash through the old national league several time to victory and the honor of carrying the colors of the senior organization in the world series, McGraw has never yet succeeded in landing the highest honors in base ball.

The more scientific style of play has, in the crucial series, always proven superior.

In spite of the multitude of other important events of the time, thousands of fans witnessed the big games and millions throughout the land watched the news reports as the plays were flashed, in every detail, to every section of the land.

The Giants may recover on their own home grounds and yet snatch victory from defeat but right now the White Sox have the "edge" on the big series.

Poetry For Today

A POEM FROM FRANCE.
I wish that some kind ladies would
knit me some socks,
Home-made woolen hose. If you
please—
All neatly done up in a ribbon-tied
box.
I'll put them to uses like these:

I'll pick out a large one to use for a
rug

(The floor of my dugout is cold);
I'll pick out another to tuck me in
snug

(My blankets are both growing old).

I'll wear two for wristlets and one for
a cap

When I go out stalking the Hun;
And two for pajamas when taking a
nap.

And one to oil up the old gun.

I'll just use the box to keep love let-
ters in,

And the ribbon I'll tie on my cat;
And if some of the stockings DO seem
a bit thin

They make fair gas helmets at that.
They're not half bad sweaters; as
neckties they're neat;

For lifting hot pots they're a joy.
But say! As for putting the things on
your feet—

Great Scott!!! Have you seen them,
by boy?

NO MADE IN GERMANY TOYS THIS SEASON

By Associated Press Dispatch.

Columbus, O., October 8—"Made in Germany" toys will be mighty scarce on Ohio counters for Christmas this year, merchants say. The scarcity will not be due so much because of opposition to the sale of goods made in an enemy country, but because the ante-bellum supply is exhausted.

Dealers say there will be no dearth of toys made in this country and in Japan.

TWO WEEKS SPENT ON BIG BATTLE SCENES

Director Walsh and Cohorts of Indians
and Mexicans Do "Their
Bit" in Producing "The
Conqueror."

The forests of Cahuenga Canyon, near Los Angeles, echoed for two weeks to the resounding noise of battle, while Director R. A. Walsh, of the William Fox studios, was taking his battle scenes for the mammoth production starring William Farnum in "The Conqueror," which comes soon to the Palace.

During these fourteen days, 600 horses raced excitedly back and forth across the spacious fields adjoining the canyon. Four hundred and fifty Mexicans, like number of Indian braves, and a hundred men and women representing settlers on the border, were carried daily to the grounds, where they went through all the motions of warfare fiercer and more primitive than that which now rages in Europe.

Studied research rewarded Director Walsh with an exact knowledge of the artillery of the 1830 period, and he personally superintended the building of twenty-three cannons of Revolutionary type for use in the battle.

Nine of these were actually cast from iron, and were just as useful for damage as their prototypes. Fifteen others were wooden, and were lighted with flare puffs for good photographic effect in the battle.

The Fox studio spent \$5,000 for ammunition alone during the making of this production. Three thousand dollars went for cannon munitions, while \$2,000 purchased powder and chemicals for the muskets used and for the making of hand grenades.

For the time being the mammoth Fox studio was converted almost into a munitions plant, so great was the amount of ammunition needed for the big feature.

In staging the scene, 500 shots were allowed to each of the nine usable cannons. An unlimited supply of blank cartridges were given to each musket bearer.

WILLIAM WALKER IS CALLED EAST

William Walker, son of Mr. and Mrs. A. J. Walker, clerk-carrier of the Washington postoffice, who a few weeks ago received a telegram asking his assistance at the War Department in Washington where he was wanted as a stenographer and typewriter, has received an additional wire, this time ordering him to report to the War Department at once.

In accordance with the order Mr. Walker leaves Tuesday night to take up the work with the War Department.

The young man learned stenography and typewriting in the Washington schools, and graduated last year.

The Estate Hot Storm

The diagram shows how it works—fresh air (just as with a furnace) is drawn in at the sides, heated evenly to several hundred degrees of temperature and then discharged, not through the flues and chimney, but through the top of the Hot-Air Chamber into the room. This creates a circulation of hot air that will successfully heat several rooms.

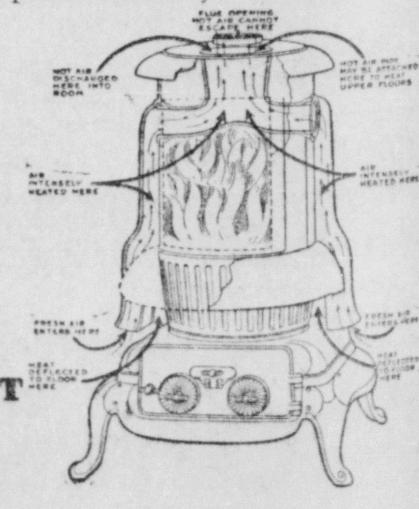

Saved Fuel Pays For It

Only a very small percentage of the heat is allowed to escape up the chimney for the little furnace blocks the upward rushing heat, absorbing it, throwing it back against the radiating surfaces of the stove proper.

The result is an amazing saving of fuel.

A saving so great that your **ESTATE HOT STORM** will soon pay for itself.

And after that it will pay you.

HOME THRONED FAREWELL SERVICE

Simple and affecting services were held over all that was mortal of Mrs. L. A. Parrett at the home of her daughter, Mrs. Charles C. Goens, of Good Hope Monday afternoon.

There was a large outpouring of relatives and friends, many attending from Greenfield, Jeffersonville, Sabina Bloomingburg, this city and surrounding country. They kept coming long after the home was filled.

Rev. Charles L. Pfaltzgraf, of Good Hope, officiated. The minister followed the memoir a beautiful tribute.

written by Hon. C. A. Reid a cousin, with a short address. He dwelt especially upon the wife and mother in the home, which had been blessed so many years by her self-sacrificing love, and the beauty of her strong Christian character.

Mr. Wert Shoop sang with exquisite tenderness "Beautiful Isle of Somewhere" and "Good Night."

A wealth of floral tribute surrounded the quiet sleeper.

A long line of autos accompanied the family to the Washington C. H. cemetery where the body was placed in the Mausoleum.

The pall-bearers were: Mr. L. C. Shoop, Columbus, Mr. Harry Campbell, of Mt. Sterling, Messrs. Gale Parrett, Jess Rowe, John and Clar-

ence Campbell, of this city.

Mr. and Mrs. L. C. Shoop, Mrs. Charles Swope, of Columbus, Mr. and Mrs. Harry Campbell of Mt. Sterling.

IN MEMORY OF

JENNIE C. PARRETT

Jennie C. Parrett was born September 22nd, 1846, at Washington C. H. in Fayette County, Ohio, and died October 6th, 1917, at Good Hope, Ohio, having lived for the period of 71 years and 14 days.

She was the eldest child of Lenox and Rebecca Campbell, pioneer residents of Fayette County and was a sister of Chas. J. Campbell late of Washington C. H., Ohio. Two sisters and two brothers survive her—Mrs. Luara Shoop, Mary Campbell, Frank Parrett, Jess Rowe, John and Clar-

She was married in the year 1867 to L. A. Parrett, and seven children one dying in infancy, the others, grown to manhood and womanhood, mourn the loss of this loving mother.

These are: Mrs. Stella Parrett, of near Parrott's, Hallie Durnell, of Greenfield, Ohio, Laura York, of Good Hope, Roy Parrett, of Jackson Center, Ohio, Eric Parrett and Mrs. Chas. Goen, of Good Hope, Ohio.

Mrs. Parrett had for many years lived at or near the village of Good Hope, and was actively identified with the Methodist Episcopal Church of that place. She gave active aid and approval to every movement that tended toward the moral uplift of the community, and scorned the evils with tendencies of destruction to the

home and the church.

She was a devoted mother in her home, and the loving sacrifice and tender ministrations in rearing a family of six children will be bright and cherish memories in the heart of every child so long as memory lasts.

Her Christian fortitude has sustained her through all the struggling trials of life, and her willing hands and loving heart made quick response where want and suffering asked relief. She often spoke of her delight in doing missionary service near home where one could see the joyful results of aid and service rendered in the name of the Master.

For a long time she had been broken in health, and had lived with her daughters near Good Hope who cared

for her in the declining days and months. Surely as she approached life's sunset, and looked back over the traveled distance to recount what ever of struggle, hardship and sacrifice had been her lot—she must have realized a glorious recompense for it all in the constant and loving care of her children, and especially in the devoted ministrations of the two daughters whose blessed privilege it was to personally minister and bestow comforting association upon their mother until the end.

When The Divine Master calls home an example of Christian motherhood like this, the loss is not alone to her relatives and immediate friends. It falls upon the community at large. But what a blessing it is to family and friends that God in his mercy makes a loss like this a hallowed benediction, in the enduring character of the Christian influence and sacred memory that follows in the wake of a godly mother's life.

LANDS HUGE CONTRACT AT THE BIG CAMP

Dahl-Campbell Branch Has Contract for Exclusive Wholesale Distribution of Groceries, Vegetables, Fruits, Butter, Eggs, Cakes and Crackers in Entire Camp—Contract Greatest Ever Awarded at Camp.

One of the largest, if not the largest contracts awarded at Camp Sherman was booked by General Manager W. M. Campbell, Monday evening, when the Dahl-Campbell Branch was awarded the contract for the exclusive wholesale distribution of all groceries, fruits, vegetables, butter, eggs, crackers and cakes in Camp Sherman, to begin immediately.

The magnitude of the contract makes it the greatest one ever landed by the Dahl-Campbell Branch, and in fact greater than has ever come to a wholesale firm in the state, and one which other firms have sought in vain.

It was not a difficult matter for the big firm in this city to obtain the contract, as the officials were convinced

by the efficient manner in which the firm had handled other contracts at the camp that it could and would "deliver the goods" according to contract.

The contract is effective at once, and while the contract was only awarded Monday evening, the firm was on the job early Tuesday morning with the first goods, and will continue on the job until the camp is abolished at Chillicothe, which may not be for several years.

The government is constructing a huge warehouse to be used by the firm, and will build a spur railroad track to the warehouse, which is to be located in the camp, and will be the distributing point from which all stores in the camp obtain their goods.

The Dahl-Campbell Branch, it is announced, will work in conjunction with C. H. Brownell & Sons of this city for eggs, and the D.C. trucks will bring in eggs from general stores in this part of the country.

Butter will be obtained from the local creamery, and in this part of Ohio, while cakes and crackers will come from the Feilber Biscuit Company, of Columbus.

The big increase in business will necessitate the addition of the number of employees of the firm at Chillicothe, notwithstanding the fact that the military authorities will render assistance wherever possible.

Mr. David Bentz left this city some 20 years ago, and after two years in Cuba and other points, made his way to Peru, where he was associated with the mining interests in Peru, and of late years had been employed on a railway.

One year ago last spring Mr. Bentz returned to this city for a brief visit with his mother and brother, and upon his return to Peru resumed work on the railroad where he had been employed.

Some months ago he wrote that he intended to go to Brazil and take up work, but it is not known whether he did this or not. If he did go to Brazil he had returned to Lima once more, where his death took place.

Mr. Bentz was 40 years of age, was educated in the Washington public schools, and was single.

Relatives in This City Receive Brief Cablegram From American Consul at Lima, Peru—Instructions to Ship Body Are Wired.

Mr. Louis Bentz east Paint street groceryman Monday evening received a cablegram from the American Consul at Lima, Peru, telling briefly of the death of his brother, Mr. David Bentz, of that place.

Mr. Bentz and mother, Mrs. Elizabeth Bentz, upon receiving the sad news from the far away country called the American Consul at Lima to prepare the body for shipment and send it to this city for interment in the family lot at this place, and it is expected that unless interment has already taken place in Peru, that the body will be shipped here. Mr. Bentz is expecting an answer tonight.

MRS. NORDLING OF COLUMBUS SAYS "IT'S WONDERFUL"

"I Shall Keep Nerv-Worth in My Medicine Chest All the Time," She Declares.

This strikingly convincing Nerv-Worth endorsement was given by Mrs. Nordling a short time ago while at Baer's Pharmacy, Wheeling. Her original purchase of this famous family tonic had been made of the Nerv-Worth druggist at Columbus. Now read her reasons for the use of that eloquent word "Wonderful."

"I was exceedingly nervous and my system in a terribly run-down condition. I had stomach trouble and indigestion so severe that my food would ferment and I would belch up some sour and bitter stuff. Badly constipated. I did not get any restful sleep, but tossed about many hours during the night. I was very weak. Pains in my side and back caused me much misery.

"After using one bottle of Nerv-Worth MY AILMENTS HAVE ALL DISAPPEARED and I feel as well as ever, strong and vigorous. It is a wonderful remedy in its quick and permanent results, and I shall keep it in my medicine chest at all times. I recommend it to everyone needing the relief I obtained."

"MRS. CHARLES NORDLING," 623 5th Ave., Columbus, Ohio. Your dollar back at Brown's or Christopher's drug stores, Washington C. H. if Nerv-Worth does not benefit YOU.

OHIO'S PORTION OF Y. M. C. A. FUND

Columbus, O., October 9—Ohio will be asked to provide \$2,750,000 as its quota of the \$35,000,000 needed by the war work organization of the Young Men's Christian Association. This announcement has been made by General Secretary John W. Pontious of the local Y. M. C. A. who has just returned from Chicago where a conference of Association men representing the Central Department, was held. The assignments of the various states were announced at his conference.

Secretary Pontious was placed in charge of the Ohio campaign, which is to be waged Nov. 11th to 19th. For final campaign arrangements a state convention of association men and boosters is to be held Oct 22, either in Columbus or Dayton. Dr. John R. Mootz, of New York, is to be one of the prominent speakers at the state meeting.

CAPT. AND MRS. WARD DABNEY TO BE HERE TONIGHT

A telegram was received late this afternoon from Captain Ward Dabney, the man who superintended the construction of the Chillicothe Cantonment, stating that Mrs. Dabney and himself would be in this city tonight.

Captain and Mrs. Dabney responded to an invitation extended and Mrs. Dabney will be the guest of Mrs. M. S. Daugherty, at the Liberty Loan banquet at the Y. M. C. A. tonight, when Major General E. F. Glenn speaks.

GARFIELD'S PLANS
OPPOSED BY COX

By American Press

Columbus, Oct. 9.—A vigorous protest against the plan of Federal Fuel Administrator Garfield to transfer headquarters of the Ohio administrator from Columbus to Cleveland has been made by Governor Cox.

The governor informed Mr. Garfield that it would be absurd to place head-quarters in Cleveland. Not only should headquarters be in Columbus because the state administration is located here, the governor argued, but because Columbus is much nearer the center of production in Ohio. No agreement was reached between the two.

Hommer H. Johnson, Cleveland attorney, mentioned for Ohio administrator, was in conference with Garfield in Washington. It is by no means certain, however, that Johnson will be the fuel administrator. Another man mentioned for the job is Charles E. Adams, president of the Cleveland Hardware company.

Attorney General McGhee had this telegram from Senator Pomerene: "Garfield says if you furnish the names of towns or names of institutions and amounts of coal required they will be furnished."

McGhee immediately sent the names of 295 municipalities, mayors of 15 of which said they had a little coal and the remainder no coal at all. Furthermore, McGhee made the request to Washington that it call all "red tape," stop shipment to the northwest for several days and order coal operators to fill Ohio orders. If exclusive attention is given to Ohio for a few days, McGhee explained, at least temporary relief would be assured.

The state coal clearing house, headed by J. M. Roan, announced it furnished emergency coal last week to 50 Ohio communities, mostly in lots of one to four car loads.

Cleveland's 35 car loads of emergency coal, ordered there by Governor Cox and being loaded at Ohio mines, will be distributed by a chamber of commerce committee among the hospitals, schools and householders in one ton lots, at a price of about \$6.75 per ton.

workmen would call a "hunch" that all was not right with the lone fisherman—thought, in fact, that he might be one of the camp workmen.

He strolled, talked fish, grasshoppers-for-halt and other appropriate subjects but the fisherman kept his back to the stump, his face to the river. Finally captain Dabney picked up a bug and offered it to the fellow in order to get close enough to see if he were one of the laborer's numbers, as all workmen are required to wear.

The number was there. The workman lost his job and his afternoon's pay.
